COMMENCEMENT

(TAPE 1)(SIDE A)(703) AGENDA ITEM NO. 1: Call to order.

Chair Jerry Trumps called the Regular Council Meeting of April 22, 2003 to order.

(TAPE 1)(SIDE A)(704) AGENDA ITEM NO. 2: Invocation and Pledge of Allegiance.

Councilmember Marc Mouton was called upon to deliver the invocation and lead the Pledge of Allegiance.

The Chair then made the following announcements:

- Councilmember Benjamin will not be in attendance. He is out of town.
- Councilmember Williams will be arriving late. He has been out of town.
- Craig Gregory had asked to be recognized but was not in attendance.

(TAPE 1)(SIDE A)(739) AGENDA ITEM NO. 3: EXECUTIVE/PRESIDENT'S REPORT

- Glenn Dugas, WIB Executive Director, was recognized regarding the Clifton Chenier YOUth Services Center, recipient of the 2003 Theodore E. Small Workforce Award presented by the National Association of Workforce Boards.
- Becky Lalumia, Assistant CAO/Finance & Management, presented the quarterly budget review. Preliminary figures show fund balances as follows: City of Lafayette General Fund = \$5,870,199; Parish of Lafayette General Fund = \$33,750 (General Fund Fund Balance may be zero by end of year except for a \$3,500,000 emergency reserve); and City of Lafayette Sales Tax Capital = (\$150,000). Weber added that on the City General Fund Budget, in spite of the pension payment in the amount of \$600,000, the hurricane payment in the amount of \$668,171 and the ILOT payment in the amount of \$900,000, the emergency reserve in the amount of \$3,500,000 has been totally replenished and there is \$5,800,000 in fund balance. Upon questioning by Badeaux, Weber explained he believed F.E.M.A. will pay back most of the funds although it may take awhile. Lalumia added that the 75%, which F.E.M.A. promised, is being paid. The rest of the claims are being processed individually and it is a slow process. In the last 3 weeks, over \$2,000,000 has been received and she felt more funds would be received very soon.
- Kerry Collins, Director of the Lafayette Parish Bayou Vermilion District, announced that the BVD would be placing a proposition for a \$4,000,000 bond proposal on the November 15, 2003 ballot. A resolution from the Council will be forthcoming later in this meeting regarding the proposition.

(TAPE 1)(SIDE B)(483) AGENDA ITEM NO. 4: COUNCIL ANNOUNCEMENTS

- Mouton stated that he had recently viewed the Titanic Exhibit at the Lafayette Museum

- and Planetarium. He highly recommended the exhibit for all to see.
- Williams announced that a list of adjudicated properties is now available to the public. The list can be viewed at the S.M.I.L.E. Office, the Lafayette Public Library and the office of the Lafayette City-Parish Council.

ORDINANCES FOR FINAL ADOPTION

AGENDA ITEM NO. 6 WAS TAKEN OUT OF SEQUENCE.

(TAPE 1)(SIDE B)(490) AGENDA ITEM NO. 6: O-070-2003 An ordinance of the Lafayette City-Parish Council amending Chapter 10, Animals, of the Lafayette City-Parish Consolidated Government Code of Ordinances to enact Article V, Vicious or Dangerous Animals, and to provide for all related matters thereto. Motion to adopt as amended by Mouton, seconded by Badeaux.

Broussard explained that after much discussion and research, this ordinance has been amended so as not to make the ordinance breed specific. This ordinance will be enforced only in the event the animal in question becomes vicious or dangerous. If the animal does become vicious or dangerous, there are specific provisions for allowing the owner to keep the animal.

Upon questioning by Williams, Dupuis explained that until the Animal Control Center Advisory Board takes action to declare the animal vicious or dangerous, the animal owner would not have to take any action. It's only upon the occurrence of a vicious or dangerous animal that this ordinance would apply. The 6 conditions set in Section 10:479(b) could designate the animal as dangerous or vicious. Upon a vicious attack, the Animal Control Supervisor can take the animal and bring it to the Animal Control Center. The Advisory Board must still make the process of adjudication. The appeal to the Court, in every instance, tracks State Law calling for a court hearing dealing with a dangerous or vicious animal. The \$50.00 permit fee was determined by a recommendation of the Animal Control Center Advisory Board. The fee defrays the cost of the supervision of the animal. Williams then commended the authors for the ordinance.

The following individuals were recognized:

Kakki Purslow did not wish to speak but supported the ordinance.

Rae Domingues did not wish to speak but supported the ordinance.

Chris Fontenot supported the ordinance to promote responsible breeding and responsible ownership. He requested the name of the members serving on the Animal Control Center Advisory Board. He then stated that his dogs are very large and asked if he is walking the dogs and a small dog approached, if his dog protects itself if that's going to automatically declare his dog as vicious, or, if a smaller dog enters his yard and is attacked? Dupuis explained that his dog would be provoked in both cases and would be protected under the law. Mr. Fontenot then asked if just anyone could turn in a complaint, particularly a neighbor who dislikes the animal. Dupuis answered that a safeguard has been built in charging a misdemeanor to anyone filing a false claim.

Upon questioning by Stevenson, Dupuis explained that if the complaint were justified, although it was erroneous, it would not violate the ordinance. If they can determine that there was no justification and the person who files the complaint did it solely to harass the neighbor, then it would be a violation.

Ellen Griechen stated that a month ago 2 rottweilers got into her yard and killed 2 of their goats. Now, she is afraid to go outside with her small daughter and worries about the children who attend a nearby local school. Her concerns were fence conditions and whether or not the ordinance would be retroactive.

In answer to Ms. Griechen's questions, Dupuis stated that the fence requirement is a maximum of 10 feet tall and the bottom must be embedded in the ground so the animals can not dig their way out and then explained that you cannot make an ordinance retroactive (the ordinance is in force from this point on),

Dr. A. Phillip Dupont explained the simple process of micro-chipping an animal. The chip is injected by a needle and syringe. It is permanent identification once it's in an animal and it will not come out. The chip is very inexpensive and the cost covers the chip and the registration.

Williams referenced Sec. 10:491 of the ordinance “any Citizen, Law Enforcement Personnel, or Animal Control Officer may kill any dangerous or vicious dog, and no Citizen, Law Enforcement Officer or Animal Control Officer shall be liable for damages or to prosecution by reason of killing any dangerous or vicious dog”. He then asked how could he be certain. Dupuis answered that State law provides that if the dog charges and you believe there is danger, if you shot the dog and kept it from attacking, you would not be subject to prosecution for cruelty to animals.

The Chair then called for a vote on the motion, and the vote was as follows:

YEAS: Badeaux, Castille, Williams, Broussard, Trumps, Mouton, Stevenson, Menard

NAYS: None

Upon questioning by Williams, Tramel explained that he submitted a letter to the Congressional Delegation regarding 1) a request for the normal appropriations received by LCG each year; and 2) a request was made for T-3 (a new highway bill granted on a competitive basis throughout the U. S.). Louisiana DOTD requested \$100,000,000 for I-49 in general. Regarding the I-49/Kaliste Saloom Road interchanges, Tramel stated that he wrote, “consider the interchanges of University Avenue and Kaliste Saloom Road with U. S. 90”. This interchange was determined to be a viable project that is needed today, that could be built today, and would also still be integrated in the overall scheme of the total project. He reiterated “it is only a request”. Williams expressed concern that the Council did not know about this decision-making process. Tramel explained there were time limits on this request and he was already in Washington, D. C.

The following individual was recognized:

Patrick Brasseaux stated that there has been a Federal lawsuit filed to stop the process on the I-49 Connector. He requested that the Council cease all planning at this point.

Upon questioning by Castille, Assistant Public Works Director Bill Campbell explained that Omni was the only contractor, parishwide, for the Public Works Department. There is still money in the fund to pay Omni. If a subcontractor contracted with Omni and has a legitimate claim, the subcontractor would have to file a lien with the Clerk of Court.

Upon questioning by Williams, Associate Director Joe Maniscalco explained that Omni made three rounds of pickup, which were advertised, announced and the dates were given. There were 180 sites in question. Some were disqualified by F.E.M.A. (for contamination or not being placed in right of way). Some were deemed to be B.F.I.'s responsibility and they have taken care of that. A fourth pass was made on sites deemed to be storm debris and that should be complete in 1 week.
